Mrs. Dr. Norton

The GRANDEST and most BEAUTIFUL Gladiolus produced by Mr. Kunderd. The SENSATION of the last two exhibitions of the American Gladiolus Society, winning FIRST PRIZE, offered by President Fairbanks at the Newport show for the best New Seedling in a class of about twenty-five competitors, and was awarded the CERTIFICATE of MERIT (highest award) of the Society. The same year (1915) it was given a FIRST CLASS CERTIFICATE of MERIT by the Worcester County Horticultural Society. August 17th it won the SILVER MEDAL of the Newport Garden Club and Newport Horticultural Society, and August 26th, 1916, (after it had been previously inspected in the field) it was awarded the SILVER MEDAL of the Massachusetts Horticultural Society.

In describing this beautiful Gladiolus I have used RIDGWAY'S COLOR STANDARDS and NOMENCLATURE.

Very large and well open flowers, well set on a tall and graceful spike, four to eight flowers in bloom at one time. Color, white, the edges suffused with soft La France pink. The three lower petals have a blotch of sulphur yellow, stained at the base with fine specks of Tyrian pink. Strong and vigorous grower, and very free flowering.
